Worktable Framework

Huot Manufacturing introduces framework that mounts to your existing 6 foot table or workbench, providing toolholders and hand tools right where you want them.

- Framework bolts through table top
- Clear peg board allows shadowing
- Uses shelves from the Huot Tree family
- Shelves available in most tapers
- Mix and match tapers of shelves
- Shelves mount flat or at a -20° angle
- All pieces sold separately
- Trays hold standard and large collet racks
- Adjustable shelf heights and positions
- Mounting instructions included
- Dimensions: 56" W x 35" H

Optional clearboard for shadowing or hanging hand tools

Shown with optional Clearboard and Tree shelving

Bolts to your existing 6' table

Workstation Back Rack

Maximize the production and versatility of your workstation with the new Back Rack. Also use our Side Panel Pegboard for shadowing or hanging tools on the Back Rack behind shelves.

- Two piece easy install with included hardware
- Made of rugged 24 gauge steel
- 24 shelf position slots per side
- Uses shelves from the Huot Tree Family
- Shelves mount flat or at a -20° angle
- Back lip helps prevent part roll off
- Retains use of tool vises on either side
- Dimensions: 34.25" W x 40.5" H

Shown with 55150, 55110 and 79236

EDP 79231

Workstation/Super Cabinet Side Panel Pegboard

The Huot Workstation or Super Cabinets are great assets to have in your shop. Now you can shadowboard often used tools or just free up more drawer space.

- 14 guage steel construction
- Scratch resistant powder paint
- Mounts on either side or rear of cabinet
- Easy installation, done in minutes
- Beveled sides provide sight lines of panel
- Increases product efficiency and use
- Does not affect drawer operation
- Perfect for 5S initiatives
- Economically priced, great value
- Dimensions: 18" W x .75" D x 30" H

Vertical Toolholder Rack

Finding space in a machine cell to store toolholders just became easier with Huot's new vertical rack. Don't have any practical room for one of our horizontal racks? This rack allows you to use vertical space with the same capacity.

- Solid, cold roll steel construction
- Scratch resistant powder paint
- Multiple attachment points mounts to machine, wall or anywhere
- Available in most popular tapers
- Angled bottom positions, flat top
- Molded inserts securely hold tools
- Economically priced, great value

Step Drill Dispenser

Step drills are great for saving time by not having to change bits since you can make multiple size holes with one bit. But how and where to store them? In the Huot step drill dispenser, of course!

- Cold roll steel construction
- Pre-labeled from 1/8" to 1-3/8" sizes
- Multiple bits per compartment storage
- Also stores corresponding center drills
- Finished in Huot battleship gray
- Stackable with other Huot Dispensers
- Also comes with custom labeling kit
- Can be labeled to your needs
- Industrial quality product USA made
- Dimensions: 14.5" W x 7.25" D x 8" H

EDP 13652

Measuring Tool Master Dispenser

Chances are you're storing your measuring tools in your tool box along with everything else. Ever wonder why your measuring tools are so beat up? Put those expensive and valuable tools in their own dedicated cabinet.

- For vernier calipers, micrometers, etc.
- Stackable with other Huot Masters
- Comes with stacking clips
- Oil and grease resistant drawer liners
- Foam liners provide a soft storage surface
- Durable gray powder coat finish
- Three drawers provide ample storage
- Ball bearing drawer slides
- Locking for security
- Dimensions: 26" W x 12" D x 12.5" H

Hand Sanitizer/Soap Pump Bottle Holder

EDP 14707

Proper hygiene practices keep all employees safe and healthy. Prevent outbreaks in your facility by providing convenient, sanitary cleansing locations throughout the premises. Clean hands are critical to containing germs that spread easily.

- Mounts directly to wall to provide stability
- Adjustable for large and small bottles
- Fits round and oval shaped bottles
- Top bracket fits over bottle pump collar
- Wing nuts secure bottle firmly in rack
- 18 gauge steel construction
- Scratch proof powder coating
- Dispenses fluid directly into hands
- Bottom lip provides bottle stability
- Adjusts from 4.25" to 7.75" in height

Products for a Cleaner Facility

Magnetic Industrial Paper Roll Holder

Our spray bottle and can racks have been extremely popular; the natural next step was to provide a holder for industrial size paper towel rolls. These magnetic holders put the paper towels right where you need them with the spray bottles.

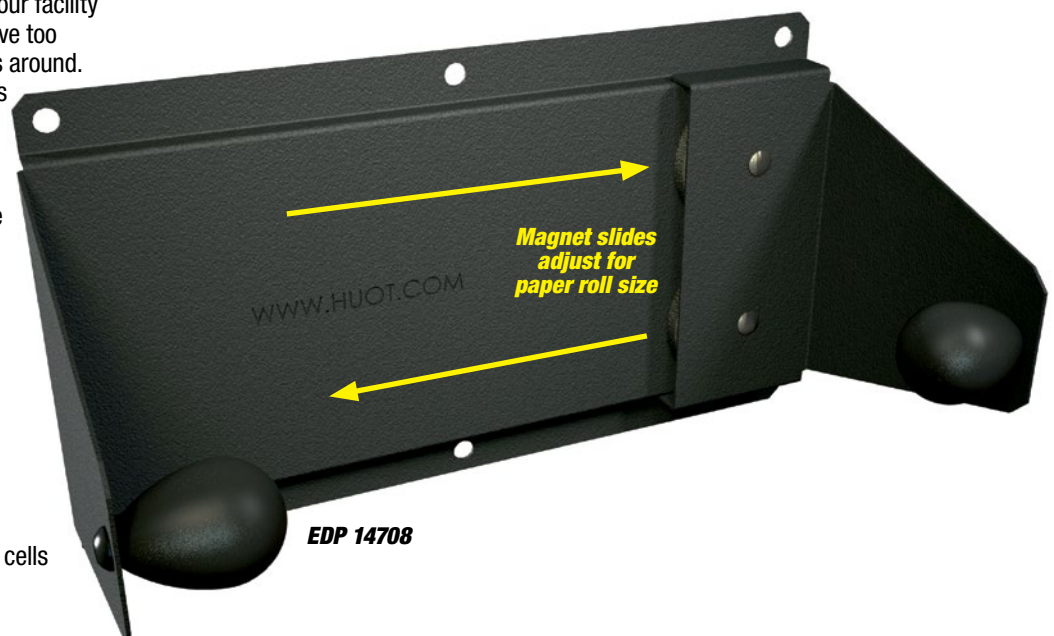

- Extremely strong magnets provide stability
- Each magnet provides 45 lbs. of slide force
- Phenolic knobs fit any middle roll
- Steel construction with powder coating
- Use for any width or height of paper roll
- Mount rolls horizontally or vertically
- Ideal for machine cells or bathrooms
- Helps with good hygiene and cleanliness
- Keep hands and work surfaces clean
- Ideal for 5S applications

Direct Mount Adjustable Paper Roll Holder

In an effort to keep employees in your facility safe and healthy, you can never have too many spray bottles or paper towels around. With so many people tearing towels off the dispenser all day, you need a good, industrial quality paper roll holder that won't break.

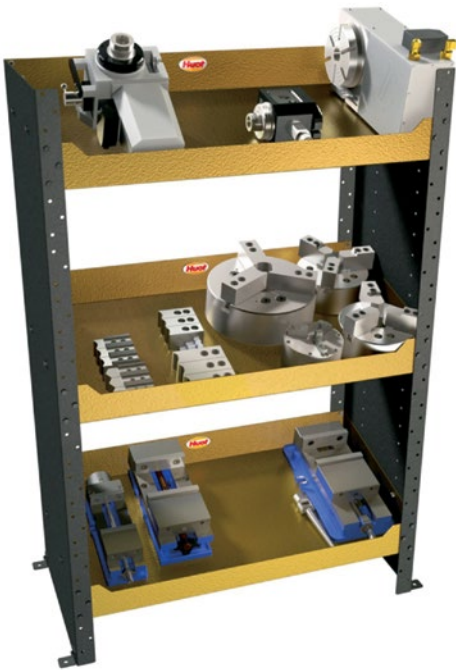

- Mounts directly to wall to provide stability
- Holds paper rolls horizontally or vertically
- Phenolic knobs fit any middle roll
- Holds paper rolls up to 11" wide
- Magnet adjusts paper size and tear tension
- 18 gauge steel construction
- Scratch proof powder coating
- Ideal for public areas or machine cells
- Use with Huot spray bottle racks
- 11.125" W x 5" D x 4.5" H

Shop Tower

Huot Manufacturing introduces new shelves for the Shop Tower. The new shelves are flat, and can be mounted with the lip up or down, creating easier access to heavy components stored on the shelf.

- 12 gauge cold roll steel construction
- Comes with 5/16" grade 5 hardware
- Tub depth is 4", notched to 2-5/8"
- Open top shelf offers easy crane access
- Feet provided for bolting to floor
- 12 possible shelf height positions
- 13° angled shelves for sight lines
- Adjustable shelf heights for ergonomics
- Fits easily in machine cell or tool crib
- Dimensions: 39.25" W x 20" D x 59.25" H
